A very cool game, It is fun to play and you get addicted very fast.
The difficulty is perfect, not too easy and not too hard. You have to use your brain to get thru some of the maps.

It is a nice story. Don't rush thru the game, take your time and be patient, read the text.
There is a lot of trolling in this game.
And I know Veibyn has a great sense of humor so watch out! xP
I love it.

Well done Veibyn! :D
